RISWOLD CATTLE

w w w . g r i s w o l d c a t t l e . c o m

Webster, Florida. Sumter Livestock Auction. October 19, 2019. 1:00 PM EST

Raising the bar

We are excited to bring you another great set of bulls to Florida. This has become a trip that we enjoy to make, great people making the most of Griswold genetics.

We work hard everyday so that these bulls will work for you. We live this life called ranching day in and day out. We select for pretty udders, fleshing ability and soundness, because we like looking at the cattle in the pasture. Griswold Cattle is based in Stillwater and Poteau, OK. We expect our cattle to work in our program and yours, we depend upon it, and we take it to the highest calling knowing you depend upon it. We hope you promote that your calves are sired by Griswold Bulls when you take them to the sale or present them to a buyer. We know firsthand that they will work in the pasture and in the feedlot. We sell bulls but we also feed many of our own steers. We know they have to turn a profit.

Real world cattle for the real world, functional, eye appealing, and profitable, we wouldn't expect any less...

You have our commitment to quality, we stand behind these bulls 100% if you have any problems give us a call.

Thanks to Shawn for all he does to help with this sale and to Mark at Sumner Livestock Auction and all his crew for everything they do.
